Archetype Adaptation Guides

The course's default path reads B2B SaaS. The method is identical for everyone — hypothesis, threshold, wallet — but WHAT counts as a wallet opening differs by archetype. Find yours, read the one-pager, translate your weekly bars accordingly. Everything else in the course stays as-is.

Archetype	Your wallet-equivalents	Guide
B2C / consumer app	paid downloads, subscriptions, pre-orders	B2C.md
Marketplace	supply commitments + first take-rate euros	Marketplace.md
Deep tech / research	paid pilots, LOIs with money attached, grants (with caveats)	DeepTech.md
Hardware	deposits and pre-orders — never applause	Hardware.md
